Subject: Completing an NOI

I see on EPA's Massachusetts Small MS4 General Permit website (see below) that there is supposed to be a webinar on completing an NOI. However the link to register does not work. The link goes to a page that says "Webinar Not Available This webinar or its recording was removed. Please contact the organizer for more information." Is the webinar still happening tomorrow? How do I register, or is it too late?

Also, the website (see below) includes "NOI Training (Multiple locations and dates in June and July, check back soon for more information)." Locations and dates are not on the website (I believe there is a training today at PVPC), and June is almost over. Please clarify.

Thank you!
